

I don't care one way or the other about Low Power FM stations. I do, however, care deeply about Air1 and its right to use translators to broadcast. If the FCC forces Air1 off the air, my congressman will hear about it.

There is very little media programming of any type with the positive, family-friendly content that Air1 listeners have come to enjoy. Forcing it to discontinue use of translators would be a detriment to my community and countless others.

Thank you.
